FOR IMMEDIATE RELEASE

New advances in psychology:
Lecture series begins Oct. 4 at
Concordia University

Montreal, Quebec, September 23, 1977 -- A new series of lectures on the latest advances in the field of psychology will commence at Concordia University Oct. 4.

The series of twelve lectures, costing $50, will cover such topics as human aggression and violence, child and wife battering and bilingualism.

The lectures, with open discussion groups, will focus on the latest advances in psychology dealing with problems facing people living in a modern, future-oriented world.

For further information, contact the Department of Psychology, Concordia University, 879-4146.
